

# Y5/6 Newsletter - Spring 2 2017

This half-term the children are studying the Aztecs. We will be looking at where in the world they were located, which period of time they were around, artefacts they used, how their society was organised and their cultural beliefs.

In Science, we will also be studying healthy lifestyles. We will be looking at how the human circulatory system works and the impact of diet, exercise, drugs and lifestyle on the body. If the children have any books or artefacts at home that will support the learning in topic then they are welcome to bring them into school.

The children will continue to have PE on a Monday afternoon and will be outside whenever possible. Could you please ensure your children have suitable clothing for both indoor and outdoor sessions and we also ask that clothing is named as we have a large amount of lost PE kit each week.

We would also like to ask that you continue to support your child at home with their learning. Y6 will receive weekly Maths and English homework on the lead up to SATs and Y5 will continue to receive times-tables and spellings.

Many thanks for your continued support,

Mrs Gent, Miss Warren and Miss O'Driscoll.
