**Attainment**

**Equality Objective:** To narrow the progress and attainment gap between boys and girls.

### **Why?**

In school attainment and progress data shows that there is a gap between the attainment of boys and girls. Attainment on entry data shows that when girls enter school both F1 and F2 their attainment is average in all core areas (Reading, writing, maths) whereas boys' attainment is below average in all core areas. In relation to progress, girls make good progress in all areas, but boys make satisfactory progress in reading and writing.

### **How?**

We intend to engage and motivate boys to read and write through the provision of meaningful and purposeful tasks that encompass a theme that will interest boys. We also intend to purchase reading material that will interest and engage boys, particularly in relation to non-fiction texts. We will track progress of boys and girls closely to evaluate the impact.

### **Outcome**

We intend to ensure that boys and girls make equal progress from their starting points. We will narrow the attainment gap through accelerating boys' progress in particular. We will monitor girls' progress to ensure there is no negative impact on their progress and relative attainment.

### **Attainment**

**Equality Objective:** To ensure that SEN children across the whole school make good progress.

### **Why?**

In school data analysis shows that the progress of SEN children Y2-Y5 is satisfactory. Children make better progress at Y6, but need many interventions to ensure they secure good progress.

## **How?**

We intend to evaluate the quality of provision for this group of children using data from 2011/2012 alongside monitoring strategies such as work scrutiny and pupil discussions.

## **Outcome**

We intend to use the information gathered to engage in the 'Achievement For All' project to accelerate progress in this area. Although this will particularly focus on SEN development for this academic year, in order to begin to narrow this gap, our intention is to extend this to all pupils. We will evaluate the impact of this project termly.

## **Community Cohesion**

**Equality Objective:** Recognise and Respect Diversity

## **Why?**

Our school census data shows that there are a small number of ethnic minorities on role in the school (4.3%). The Local Community is mainly White British. Children need to develop an understanding of diverse communities beyond their locality.

## **How:**

The school will engage in a global partnership with a school in Zambia.

## **Outcome:**

The children will develop an understanding of diverse communities, how they live and the differences in their culture and that of the Local Community in which they live.

## **Additional Objectives:**

**Our data did not identify any areas of concern in relation to religion or belief or to age. However we have**

**decided to include actions in these areas as noted below:**

- In order to keep a high profile on Religion or Belief we will continue to deliver a robust RE syllabus as part of our school curriculum activities.
- Monitor the number of children entering school with EAL including tracking their performance. This is currently 2.6%
